

## Flexible pipe couplings

### **Description**

DLYY flexible pipe couplings feature TPE construction and stainless steel clamps. Designed to resist corrosion, rot, and degradation from sunlight and chemicals. Easy to install and reuse.

### **Advantage**

- 10 years producing experience
- Export to many users in New Zealand, European and American countries
- Good quality control
- Competitive price
- Multiple sizes options available
- Can be customized by drawing or sample

### **Technical Specification**

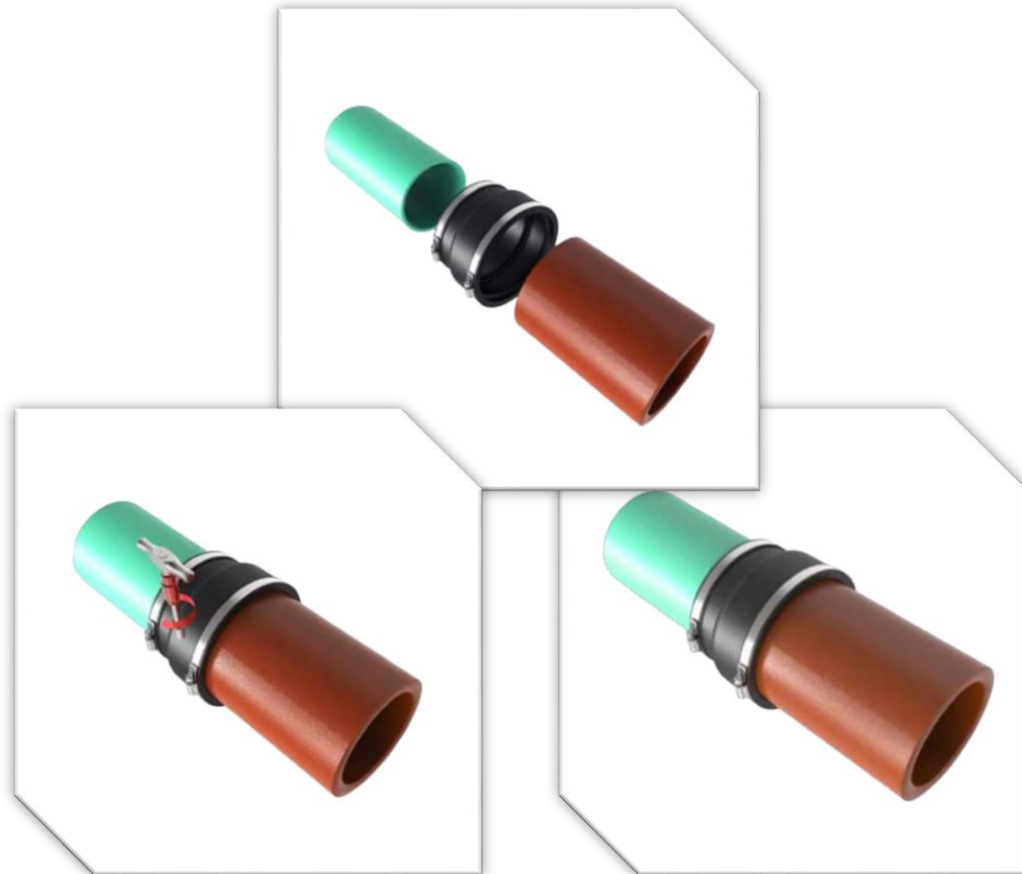

*Material:* High quality TPE (environment friendly)

*Color:* Black

*Type:* Connects pipes of same or different sizes

### **Certification**

ISO9001, ROHS, REACH

## Existing Mold Size
